SHAFT PERFORMANCE

ADJUSTABILITY GUIDE

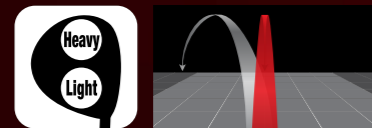

ZX5 ADJUSTABLE WEIGHTS
 ZX5 comes equipped with one 8g sole weight. To adjust swing weight, swap the sole weight with any of the additional available weights.

SWING WEIGHT ADJUSTMENT

4g	6g	8g	10g	12g
-2 Points	-1 Points	0	+1 Points	+2 Points

ZX7 ADJUSTABLE WEIGHTS
 The ZX7 driver comes equipped with one 4g and one 8g sole weight. To produce a draw shape, place the 8g weight in the heel position and the 4g weight in the toe. To produce a fade shape, place the 8g weight in the toe position and the 4g weight in the heel.

DRAW SHAPE ADJUSTMENT

FADE SHAPE ADJUSTMENT

ADJUSTABLE HOSELS

Both ZX5 and ZX7 put you in control with adjustable hosels that let you tune face angle, lie angle, and loft until you've found the perfect combination of each.

	1	2	3	4	5	6	7	8	9	10	11	12			
Position	[Visual representation of weight positions]														
Loft	STD LOFT Standard loft	+1LOFT				STD FL Standard Flat				-1LOFT					
Face positioning	Straight face		Closed face		Straight face		Open face		Straight face		Closed face				
Lie angle	Standard		Moderate Flat		Flat		Moderate Flat		Standard		Moderate Flat				
	±0°	+0.5°	+1.0°	+1.5°	+2.0°	±0°	-0.5°	-1.0°	-1.5°	-2.0°	±0°	+0.5°	+1.0°	+1.5°	+2.0°

Additional weights available for purchase.

Universal torque wrench included.

Star-shaped TORX(T25) tip.

SHAFTS AND GRIPS: IRONS

Creating your dream iron set doesn't stop with choosing the right club. Select premium shafts and grips and build a set that's perfectly customized to your game.
